

DEEPENING DAY

Traumahealing for Babies

October 2nd 2024

You will get a deeper understanding of how to support babies and their parents when they had an overwhelming experience. There will also be one demosection with a family.

Issues we will look at:

- finetuning to BabieBodyLanguage
- application of resonance in the therapeutic work
- refining the own ability to monitor the activation level of each family member
- exercises to establish and hold a wide perceptual field
- broaden your perspective and experience

Prerequisite: participation in the seminar “Traumahealing for Babies”
